

## **OUR MISSION**

The mission of CCWRC is to provide Republican women the opportunity to promote Republican principles through uniting of efforts along Party lines, through political education, and through opportunities to participate in political activities.

\*\*\*\*\*

## **OUR HISTORY**

CCWRC was founded by six Republican women in 1958, with nine charter members, almost all from the Chevy Chase community. Today there are over 135 members from the entire metropolitan area.

## **WHAT WE OFFER**

CCWRC invites speakers on issues relevant to current events. Our meetings are held either during daytime, evening, weekend or weekday, providing choices to our membership. The programs may include issue briefings by elected officials and the media, speakers of national prominence or events promoting one of our community outreach projects.
